

RHINELANDER NOT SO KIPPY AS NEW LOVE SECRETS ARE AWAITED FROM DUSKY BRIDE

ALICE'S SISTERS
AND BROTHER-IN-LAW

ALICE

ALICE'S MOTHER
AND FATHER

CLOSE-UP OF Kip himself as he looked after agonizing grilling on his "tainted letters." Though outwardly cool, Kip's own face is showing signs of strain.

MRS. MARION RICH, witness who told of shattering Alice when Kip deserted her. She said Alice had planned a "social debut" when the romance fell in ruins.

LEE PARSONS DAVIS, defence counsel, revealing one of the crims "Kip-to-Alice" letters in courtroom. Kip listened with shame-bowed head.

MRS. KIP as snapped by a friend's camera. She has recovered from the collapse following her ordeal in the jury-room. Her own story will climax the trial.

QUADROON BRIDE and her family seated in court as annulment fight goes on. Her white mother and mulatto father are daily attendants at the trial, comforting Alice throughout the ordeal she is facing in the crowded tribunal. Photo shows her dusky in-laws grouped at her side, waiting the moment when she takes the stand in her own defence. (Photos by International News Reel.)

'WE MARRIED GIRL COLE, SO YOU'NT CARE!' KIP CRIES IN DEFENSE OF DUSKY BRIDE

Continued from First Page.

Q—Did he ask what the nature of the place was? A—No. Q—Why did you make Grace give back the ring and let Alice wear it? A—Alice was a younger girl. Q—Can you give the names of any other white men who have been in your house? A—Albert Miller. Q—Can you tell of any other? A—None. Q—Then the witness told how "a man named Kip" came to the house when the papers in the suit were served and said: "The Kip Kins might come and burn down this house and kill you all." The described how Leonard had shown her the wedding ring a few weeks before his marriage to Alice with the warning: "I don't want the marriage to be known for a while." During noon recess it was announced by Attorney Davis, that he had decided to call only two more witnesses. They are Alice Rhinelander and George Jones, her negro father. He declared that if Attorney Mills, of Rhinelander's counsel, required only short cross-examinations, all his testimony could be in by adjournment this afternoon.

SISTER MEET KIP.
It is understood, however, that Mills has much data upon which he will question Alice as to her representations to Leonard on the matter of her color.

Grace Miller, sister of Alice, followed the mother on the stand. "You know you have colored blood," she said. "Yes, I do," Grace answered defiantly.

"I want you to tell this jury how you met Mr. Rhinelander."

"These young fellows called in me on the street. Do you want a story?" said the witness, and then launched into details of the automobile episode which after resulted in Leonard's leaving Alice.

"I asked how many there were and I saw three fellows in the car," related Grace. "And it wasn't very close for a young girl to get into a car with fellows she didn't know and they said they would treat me as a lady and not like gentlemen."

Then she asked me if I wanted to take a ride to Portchester and I said I would if they would be gentlemen, so I went.

"When we got to Portchester, Karl Krier got out to get a shave and I and the other gentlemen and Leonard sat in the car. Then we went out in the wagon and then Karl went out."

"When Leonard came back the next day, he said that the fellows couldn't keep his name and asked me if I didn't want to go for a ride. He showed me that they said he got on there and asked me to go with him. I said I don't mind. So he gives it to me. Then we went to a show in Mount Vernon."

Kip's Uncle Lost 'Millions for Love' by Wedding Below Station

New York, Nov. 25 (A.P.)—Leonard Kip Rhinelander, who married a quadroon bride, today was told that his uncle, William C. Rhinelander, lost \$1,887,000 more for new telephone work.

The expenditure of \$1,887,000 for underground and aerial cables, power plants and switchboard construction in Massachusetts, Maine, Rhode Island, New Hampshire and Vermont, was authorized today at a meeting of the executive committee of the New England Telephone & Telegraph Company.

Up to the present time the total commitment of the company for such construction this year aggregates about \$22,224,000.

The appropriation was made by \$1,875,000 will be voted in Massachusetts, \$21,000 in Maine, \$14,000 in New Hampshire, \$44,000 in Vermont and \$8,000 in Rhode Island. In metropolitan Boston there will be the sum of \$41,075.

Kip's Name Didn't "Mean a Thing to In-Laws"

Q—When Leonard Rhinelander was introduced to you did the name Rhinelander mean anything to you? A—Not a thing. Q—Did Rhinelander ever ask about color? A—No. Q—Did Mr. Rhinelander live at your house the week beginning November 13, 1924, when the newspapers published those stories? A—Yes. Right after that he brought heavy portieres and nailed them over the windows. He said to me: "Never mind, I married the girl I loved and I don't care. A little later a man came to the house, served papers in the case, and said: "The Ku Klux might come and burn down this house and kill you all."—From testimony of Mrs. George Jones, mother of Mrs. Kip Rhinelander, at annulment trial today.

'OH, SO THAT'S IT!' SAYS MAYOR TO HERSEY

The dose of peace must have been in hiding in the Mayor's office today, where Mayor Cury summoned General Mark L. Hersey to call him to account for casting Charles E. Thornton, chief clerk of the supply department.

For out of the conference, at which Corporation Counsel Sullivan was the third attendant, came nothing but severity. When it ended, Mayor Cury announced that Thornton was suspended in accordance with provisions of the civil service statute.

Thornton, however, may eventually be transferred to another department, for the "know-it-alls" at City Hall have it that the real cause of the row is a personal affair.

Thornton, he learned from Hersey, was suspended until Monday for failure to report to work at 8 o'clock on several mornings.

Thornton, however, may eventually be transferred to another department, for the "know-it-alls" at City Hall have it that the real cause of the row is a personal affair.

PROBOST CULTY IN LAND CASE

Dr. Charles J. Probst of Allston was found guilty and sentenced to three and a half years in the House of Correction, by Judge Dowd in Municipal Court today, for larceny in connection with the sale of land in Florida.

Probst is president of the Florida Land Sales Company, Inc., of Mink Creek, Fla. He is married and has three children.

One of his former salesmen, Harold Green, and Green's mother, Mrs. M. Green, of No. 45 Montague street, Dorchester, testified against Probst, declaring they had seen him in Florida and received no checks on the property purchased.

The registered proprietor of Probst's, Miss Alice Bullock, was one of three women who filed additional complaints against him today. She charged that she paid him \$150, while Mrs. Anna E. McKelvey, of No. 14 Tremont street, alleges she paid \$250, and Mrs. Anna E. McKelvey, of No. 14 Tremont street, alleges she paid \$250.

CAME LONG WAY TO WED

AND NEARLY MISSED IT
H. F. Bailey, 35-year-old Irish Melrose superintendent, and Lucy Woolson, employee of the University of Maine, were married in Newton today, but not until a knotty league had kept them embroiled for two hours.

The Maine man asked City Clerk Grant a week ago by mail, to the marriage intention, but when the couple arrived today, with the minister waiting at the home of Thomas W. Williams in Cambridge road, they found an intention was filed.

But the Boston Bureau ruled that the license might take precedence over the five-day law.

HERriot CALLED TO FORM NEW FRENCH CABINET

Paris, Nov. 25 (A.P.)—Prance was still without a Cabinet tonight to succeed the Republic ministry. The refusal of various groups to support his financial plans caused Senator Paul Beaumais today to decline the task of forming a new ministry, as did M. Edouard Herriot, radical leader and president of the Chamber of Deputies. The move was summed up by President Doumergue.

Isaac P. Greene Dead

Isaac P. Greene, comptroller of Lewandus, of this city, who was a member of the Lewandus Waterfront plant six weeks ago, died today in a Providence hospital. The remains were removed to the Greene home in Cranston, R. I. He was 62 years old, a graduate of Brown University, 1897.

Browster Visits Fuler

St. John, N. B., Nov. 25 (A.P.)—The commodore of the Fleet Crossed today a farewell visit to Governor Fuller who returned to the state after an absence of two days because of a cold.

Today

\$4,000 a Foot, Rent Law Against Strikes? Well, We Struck One The Ladies of Bryn Mawr

By Arthur Brisbane.

Copyright, 1925, by Star Company

WHAT WILL HAPPEN IF they ever have a real estate boom in New York City? How high would prices get? One piece of land in West Fort-second street has been rented for twenty-two years at \$4,000 a foot. This means paying a rental of \$4,000 for a foot, or 4 per cent, on \$100,000. At that rate, as the actors used to figure values, a twenty-foot lot would be worth \$260,000. Woe, single lancers, for it is all solid, unshared income.

WASHINGTON REQUESTS

that the President, advised by the unions' threat to call a soft coal strike, will ask for a law against strikes in basic industries.

Strikes would not be permitted if they interfered with public comfort or any necessary public work, railroads as well as mines and other work.

IT IS EASY to suggest such a law, easier than it would be to get it. To get it would be much easier than to enforce it.

One it was against the law to strike in this country. And in England, formerly a workman was forbidden even to wander away from his own parish to seek work in another, the punishment was branding on the cheek. How far this republic will go back in that direction remains to be seen.

FOR THOUSANDS OF YEARS

the human race has wondered what would happen if the earth struck a comet.

Night before last it found out, and nothing happened. The earth ploughed through what is left of Biela's comet, astronomers say it was as though a bullet had gone through a fog cloud. No result except the falling of small meteors rained in the upper atmosphere.

BIELA'S COMET came into

our solar system about 100 years ago, was "captured," as it is called, and is now in the orbit of the earth.

Continued on Page 6, Column 4.

LEAVE TO SEE CHILD DENIED MITCHELL

Washington, Nov. 25 (A.P.)—Colonel William Mitchell was denied permission today to visit Detroit to see his baby daughter during the Thanksgiving recess of his court martial. His request to the War Department was returned marked "disapproved."

The Colonel has been ordered to remain in Washington throughout the duration of his trial.

It is considered certain that Major-General Charles P. Summerall, commanding the Second Corps Area, and former president of the court, will be brought in by the prosecution. The General, who quit the court after a protest Miss Biela lodged against him by the defense, has been ordered to hold himself in readiness to appear.

Colonel Herbert A. White, military counsel of the defense, today resumed his reading of voluminous official correspondence. Correspondence taken from the War and Navy Departments files regarding aviation questions.

COMMUTERS DELAYED BY STALLED FREIGHT TRAIN

Engine trouble caused a delay of about forty minutes to commuter trains on the New York, New Haven & Hartford Railroad today near Southbury street. The regular incoming truck was blocked by a stalled freight and it was necessary to switch incoming passenger trains to the outer track, with a consequent delay in departure of outgoing trains.

ANN LUTHER NOW SORRY FOR GALLAGHER

Paris, Nov. 25 (U.S.A.)—Ann Gallagher may not divorce Edward Gallagher, of the famous "Mr. Gallagher and Mr. Sheen" team, she reports today. It reports that Gallagher is seriously ill and that "I am applying for a divorce here as soon as I receive a report from the American doctors on his condition." Ann Luther said, "I am most sympathetic for poor Ed. He is his own worst enemy. I tried three times to go back to him, but he wouldn't let me."

Movie Fans Autographed SPOON COUPON

This coupon and 19 cents, presented to any co-operating newsdealer or brought to the office of the Boston Evening American, No. 5 Winthrop Square, Boston, entitles the bearer to one autographed spoon, guaranteed for twenty years by the Orelia Community, Ltd.

By using the spoon, and the spoon, you will be able to add to your collection.

Do not write your name; print it in ink; use a pencil.

DEATH VICTIM AND BOWEN IN BOND BUSINESS

Love Defendant's Daughter Says She Never Saw Them Affectionate

Brockton, Nov. 25.—The business agreement which brought together Mrs. George Woloshendorf, victim of the Meritbank Silver suitcase murder, and William F. Bowen, defendant in the \$25,000 suit for alienation of affections, was explained today in Superior Court by Mrs. Martha Staples, a daughter of the defendant.

Mrs. Staples said she made all the arrangements whereby Mrs. Woloshendorf became affiliated with Bowen in the bond business. The partnership was formed after Mrs. Woloshendorf had told Mrs. Staples that she had found something other than factory work to do to keep her family intact as her husband was not supporting her, the witness declared.

Mrs. Staples said that she had never witnessed any signs of affection between the couple. It was brought out that Bowen had stayed at the Woloshendorf home on occasions when Mrs. Woloshendorf was ill. Mrs. Staples said she always telephoned her that he was staying there and that she considered the arrangement perfectly proper.

Mrs. Francis Parrie, neighbor of the Woloshendorfs, testified that the couple had often had bitter arguments and that she had seen Mrs. Woloshendorf to her home in 1919 after a row in which the woman was said a nervous collapse.

FOR \$400,000 MUNICIPAL BUILDING IN DORCHESTER

Dorchester will be authorized to erect a municipal building at an estimated cost of \$400,000, outside the debt limit, for the Franklin Park-Pleasant Corner section of Dorchester under a bill filed today at the State House by Representative Bernard Olinari.

The building, to be constructed on land owned by the city, would serve as a community center with quarters for municipal departments, an auditorium, a branch public library, a gymnasium, and rooms for veteran and civic organizations.

Hair Beauty

Thick, Gleamy Hair—Full of Life

The constant curling and waving demanded by modern style in hair dress, slowly turns the hair, leaving it dry, faded, brittle, streaked with gray, thin, the hair roots shrink and the hair falls out fast.

35-cent bottles of refreshing, fragrant "Dandarine" will do wonders for any girl's hair. This vitalizing beauty-oil sits on the scalp like fresh showers of rain and runs along on vegetation. It goes to the roots, invigorates nourishes and strengthens them, helping the hair to grow thick, healthy and luxuriant.

Try this for one week! While combing and dressing your hair, moisten your hair brush with a little "Dandarine" and brush it through your hair—the effect is startling. Your hair immediately takes on new life and that healthy, youthful glow becomes incomparably soft, wave and appears twice as thick and abundant.

DANDARINE

CHAPMAN FREED SO HANGMAN CAN GET HIM

Continued from First Page.

Invited to the United States District Court for the southern district of New York of robbery of mail matter and placing the life of the mail carrier in jeopardy, and was sentenced August 28, 1922, to imprisonment for 25 years in the United States Penitentiary at Atlanta, Georgia.

Thereafter, the said Gerald Chapman began his sentence in the Atlanta Penitentiary, and escaped therefrom March 28, 1923, and recaptured March 28, 1923, and escaped from the Atlanta Georgia Hospital on April 4, 1923, and was recaptured and returned to the Atlanta Penitentiary January 23, 1924; and

"Whereas, the said Gerald Chapman was transferred to the Connecticut State Prison at Waterbury, Conn., by an order dated January 14, 1925, duly signed by the attorney general;

WANTS TO ACCEPT FREEDOM, CHAPMAN TELLS COUNSEL

Hartford, Ct., Nov. 25.—"I absolutely refuse to accept," said Gerald Chapman, when Warden Scott, in the presence of two of Chapman's lawyers, Joseph M. Freedman and Frank Murphy, both of Hartford, presented President Coolidge's document to him at the Waterbury State Prison today.

Later, when the warden had retired and Chapman was in conference with the two lawyers, he said:

"I've been expecting this. The reason I promptly refused was to establish ground for an appeal, as high as the United States Supreme Court, to decide whether or not I or anyone else must accept a pardon or commutation from the President."

Washington, Nov. 25 (AP).—Department of Justice officials have been kept in a state of suspense by the fight through the courts the question of whether he is coming to accept the commutation of Federal sentence signed by President Coolidge.

The department holds that there is no law to compel the government to keep custody of a person whose sentence has been commuted, but nevertheless it was said today that the courts would have to pass on it at the instance of the Chapman defense.

MIDDLESEX JURORS GIVE JUDGES GIFTS

Judge Webster Thayer was presented a handsome, the court officers each received a box of cigars, and Mrs. Florence Goodwin, court stenographer, was given a bouquet of flowers, by the members of the Middlesex Superior Criminal Court jurors, who were today discharged from service.

The presentation speech was made by Leo P. Daly of Lowell.

In the second session of the court Judge Richard Irwin was also presented a handsome and the court officers and stenographer also received cigars and flowers. Juror Robert L. Eggenston of Cambridge made the presentation speech.

By FAY KING.

One of the penalties of being younger is that we missed "the good old days."

But a wonderful motion picture, "Lights of Old Broadway," makes it possible for us to experience them. Marion Davies' latest picture, in which she so ably plays two girls, one a sedate social hostess of the '70s and the other a dear, little rowdy who lived at 51st street and ate her soup, when it was a squall down of squatters, is not only entertaining as the story of two sisters, but is a thrilling because of the true delineation of New York at that time.

Naturally, you follow with keen sympathy the fate and fortune of two babies who were taken into such different environments when they were orphaned on the boat coming to New York, but along with their story we meet the young inventor, Thomas A. Edison, and that thrilling occasion when his electric lights were first tried.

This was in the days, before automobiles, when the old fire horse was the fastest bit of traffic. The political parades ended in fire for all lights.

Toddy Roosevelt was going to school, studying hard the good sports on he could have a soldier suit. Weber and Fields were begging for a chance to make their first appearance!

Washington square was the social center. Fourteenth street was in its zenith.

All this and over so much more is interwoven in the story of these two sisters, who, so far separated, come together again when Fay marries Anna's foster brother, and no doubt, there is soon a happier day when they find that the natural liking for each other is even a closer tie.

Parts of the film are in color, and show Marion Davies in her true beauty, but she seems even happier when she tries to hide all her prettiness with slim light braids and a mischievous tooth.

There are many good laughs and many a real thrill in "Lights of Old Broadway."

"Lights of Old Broadway" is at Loew's State Theatre.

CROWLEY CALLS ON POLICE TO WAKE UP

Continued from First Page.

The police have such good descriptions of all three men, it is understood, that they do not wish to publish them while they have a chance of doing so on the sly quickly, as they expect to do today.

"Division commanders will instruct police officers to be particularly observant for numbers on stolen automobiles and to watch for stolen cars in the daytime as well as at night," read Sp. Crowley's order.

"Police officers who are distracted should be told by their division commanders to better themselves, and if after having been told, they do not sufficiently improve, the matter should be brought to the attention of the superintendent."

"I depend on the division commanders to wake them up. They must show interest in the work for which they are being paid by the citizens of Boston. To attain a standard of efficiency, each must put his shoulder to the wheel."

Headaches From Bright Colors. Lacking interest in the work for which they are being paid by the citizens of Boston. To attain a standard of efficiency, each must put his shoulder to the wheel.

Andrew H. Dill of 31 Central street, Somerville, one of the victims, was shot in the spine after knocking one of the thugs down.

Camels contain the very choicest tobaccos grown in all the world. They never tire your taste, no matter how freely you smoke them. They're so skillfully blended they never leave a cigarette after-taste. Rolled into Camels is every good feature you have ever wished for in a cigarette.

So, when you're waiting happily and confidently for your time to rejoin the dance—taste the smoke that's known and loved by the world's experienced smokers. No doubt about it, you'll never know how good a cigarette can be until you—

Have a Camel!

Camels contain the very choicest tobaccos grown in all the world. Camels are blended by the world's most expert blenders. Nothing is too good for Camels. In the making of this one brand we concentrate the tobacco knowledge and skill of the largest organization of tobacco experts in the world. No other cigarette made is like Camels. They are the overwhelming choice of experienced smokers.

Judge Webster Thayer was presented a handsome, the court officers each received a box of cigars, and Mrs. Florence Goodwin, court stenographer, was given a bouquet of flowers, by the members of the Middlesex Superior Criminal Court jurors, who were today discharged from service.

The presentation speech was made by Leo P. Daly of Lowell.

In the second session of the court Judge Richard Irwin was also presented a handsome and the court officers and stenographer also received cigars and flowers. Juror Robert L. Eggenston of Cambridge made the presentation speech.

The police have such good descriptions of all three men, it is understood, that they do not wish to publish them while they have a chance of doing so on the sly quickly, as they expect to do today.

"Division commanders will instruct police officers to be particularly observant for numbers on stolen automobiles and to watch for stolen cars in the daytime as well as at night," read Sp. Crowley's order.

"Police officers who are distracted should be told by their division commanders to better themselves, and if after having been told, they do not sufficiently improve, the matter should be brought to the attention of the superintendent."

"I depend on the division commanders to wake them up. They must show interest in the work for which they are being paid by the citizens of Boston. To attain a standard of efficiency, each must put his shoulder to the wheel."

Headaches From Bright Colors. Lacking interest in the work for which they are being paid by the citizens of Boston. To attain a standard of efficiency, each must put his shoulder to the wheel.

Andrew H. Dill of 31 Central street, Somerville, one of the victims, was shot in the spine after knocking one of the thugs down.

The police have such good descriptions of all three men, it is understood, that they do not wish to publish them while they have a chance of doing so on the sly quickly, as they expect to do today.

"Division commanders will instruct police officers to be particularly observant for numbers on stolen automobiles and to watch for stolen cars in the daytime as well as at night," read Sp. Crowley's order.

BRAINS, SPIRIT AND POWER IN PLENTY

By HERB TREAT

Boston Evening American Football Expert, All-America Tackle From Princeton in 1923.

THE ALL-AMERICA football team I have selected has represented on it individuals that stand out as winners, and have decidedly marked characteristics that winners must possess. Enumerating these great qualities, we find:

1-BRAINS. Every man on this team has proven beyond the question of a doubt, not only to himself but to thousands of critics in games this year, that not only can he play his own position, but can think quickly and make correct diagnosis of what to do.

2-SPRIT. This team as it stands, if playing together, would have a dash, every confidence in itself that would make everything go. Each man on the team has developed this great spirit, having displayed it in contests this year.

3-POWER. The tremendous drive of this team, backs and line, could even by sheer power and brute strength thrust into submission any defense that was presented to it.

As to the particular benefits to others of the individuals as thus put together, we have many features. The ends, Cunningham and Vic Hansen, stand out as the greatest pair in the country, being tall and rangy and especially fast.

Both are exceptional receivers of forward passes and their down the field work under Kline has been phenomenal.

A CAREY PAIR. On the offensive, these men both are clever and the defensive tackles are bewildered by their cleverness.

At left tackle, we have selected Captain Ed Welr of Nebraska, who stands out as one of the greatest of all time. His tipple drive into opponent's backfield, smashing all in his way, has created a sensation in the West.

He is tall and weighs about 150 pounds and is tremendously powerful.

Weld will go down as one of the greatest line-men of the age. This year he stopped Red Grange dead in his tracks and for the past two seasons in the Notre Dame game his work has earned him glory.

Nate Parker of Dartmouth is my selection for right tackle. In this man I find everything that goes to make up a real high-class football player. He has brains, power, spirit and all the other things that are so essential to rate the man as a position.

Parker is a born leader. Despite the fact that he had the responsibility on his shoulders of being captain, he has played through the season as if he had no responsibility at all.

The two best guards in the country are "Cobbles" Sturhahn of Yale and Captain Ed McMillan of Princeton.

Both men weigh about 210 pounds, and the speed of move by field men. McMillan's line play against

FIRST TEAM

Cunningham, Ohio State.....Left end
Welr, Nebraska.....Left tackle

Old Pipe,
we're pals
for
keeps

SIX months ago, Old Pipe, we were headed for absolute divorce. We were wrecked on the twin rocks of Tongue Bite and Throat Patch. I tried tobacco after tobacco. Then . . . I found Prince Albert!

Today, Old Pipe, you're closer to me than a tattooed anchor. P. A. made you sweet and cool as the wind from a laden orchard. P. A. led me out of the hot-pipe desert into the pleasant valley of contented smokers. Comfort fell upon me . . . and it was welcome as rain to a dusty frog.

Say good-bye to worry, you fellows who don't yet know the joys of a jimmy-pipe and P. A. Tell gloom to be on its way. Your first fragrant pipeful will give you a 99-year lease on happiness. Prince Albert is the mildest, sweetest, kindest smoke mortal man ever knew.

Prince Albert gives you a lot more for your money in quantity as well as quality. There are TWO full ounces in every tin of P. A. The U. S. revenue stamp shows you that. Make a break now for the nearest shop where they hand out pipe-peace in tidy red tins.

PRINCE ALBERT

—no other tobacco is like it!

Look at the U. S. revenue stamp—there are TWO full ounces in every tin.

Boston College
vs.
Holy Cross College

Three thousand admissions WILL be placed on the streets of Boston, Monday at 10:30, between the railroad station and the city hall.

FOXY GRANDPA'S BEDTIME STORY

By Foxy Grandpa

REALLY had to laugh when I saw Bobby in his Eskimo suit with the hood over his head and the heavy fur trousers.

Bunny said that he didn't need an Arctic suit—that in the winter his coat got heavier and thicker than it was in summer and that he was saved the trouble of putting on underwear.

Well, anyhow, we were up in Alaska, and, of course, each day we went out exploring the country and slipping on the ice and sometimes almost falling into the icy water.

One day we were walking along the edge of a stream which was so entirely frozen solid, when Bobby suddenly exclaimed:

"What is that? There are no telegraphs up here. But what are those things hanging on the wire between the poles?"

"No one lives around here but Eskimos," I said, and just then we turned a bend in the stream and there, crouched down, lay as quietly as a statue, was an Eskimo. He didn't see us and we stood silently watching him. In his hand was a spear, and he was watching the water intently.

"They're bells hanging there," whispered Bobby in a low voice. "We stood very still and waited. Nothing happened for a moment. Suddenly one of the bells tinkled. There was a rope attached to each bell and leading down into the water."

161 Atlantic street, Allston, Mass.

KIL-VE

DESTROY VERMIN ON CHILDREN'S HEAD

absolutely harmless, non-toxic, kills vermin or growth of hair, kills lice, destroys all vermin in eggs or while still in the nest. It is the only safe and effective insecticide for all drug stores—50c, 10c and 5c.

THE TIGHT Cough

—that seems as if it would tear the tissues of your throat, yields promptly to PERTUSSIN. Try it and see how quickly the throat and bronchial tubes are cleared and germ-borne mucus which often fills the airways is removed. It also soothes the inflamed throat and quickly relieves the painful coughing.

PERTUSSIN always brings grateful relief—and it is entirely free from narcotics, calomel, opium, or other harmful drugs. It may be taken safely even by the youngest children.

Known to physicians for more than 10 years and sold by all drug stores in large and small bottles.

PERTUSSIN

Safe for Every Cough

CORRECT MANNERS

DEAR MRS. REECKMAN:

Who is correct, A or B? A says when addressing a letter to someone in New York City, the address is written:

Mr. John Smith,
800 Fifth Avenue,
New York, N. Y.

B says:

Mr. John Smith,
800 Fifth Avenue,
New York City, N. Y.

MR. AND MRS. MR. AND MRS.

A is correct. The name of the city is New York.

ECZEMA HEALED BY THIS SULPHUR

Apply Menthosulphur As Told When Your Skin Breaks Out.

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Menthosulphur. Dr. Edwards declares a noted skin specialist. Because of its germ-killing, destroying properties, this sulphur preparation thoroughly prepares the skin for healing. Instantly brings ease from skin irritation, soothes and heals all eczema, right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment without delay. You can obtain a jar of Rovies Menthosulphur from any good druggist.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking medicine or trying to "hold up a sour stomach," they are attacking the real cause of the trouble—indigestion, liver and stomach troubles.

Dr. Edwards' Olive Tablets around the liver is a soothing, healing way. When the liver and bowels are performed, liver, natural, functions, give good digestion and stomach trouble.

Have you a bad taste, coated tongue, poor appetite, a lazy, dull feeling, no ambition or energy, trouble with undigested food? Take Olive Tablets, the substitute for Calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain. Take one or two at bedtime for "liver pills." Eat what you like, and be done.

Dr. Edwards

OLIVE TABLETS

COOK-OO'S by Ted Cook

Before starting on the regular exercise this morning it will be necessary to make a few brief announcements, as follows—

This is National Canned Goods Week. Every patriotic family is urged to eat canned goods until it hurts.

The women, particularly, can help. Housewives will find that tomatoes left in the cans are handy for throwing purposes. Try them on your husband.

Motion picture concerns will, of course, use only canned plots this week.

In fact, the motion picture industry plans to extend Canned Goods Week indefinitely.

OMIGOSHI

"The residence of Mr. and Mrs. A. P. Laffranchini is back with was destroyed by fire on September 2. Mr. Laffranchini was confined to his bed by illness when the fire broke out and had to be carried from the building. Practically nothing was saved from the house."

Julia Rymonkiska Annabella Trout is the name of the girl who is now stepping out with Henry.

For weeks of a stretch not a night had he missed Ambrosia "tuna" as he blazed and he blazed.

And merrily.

Adam Steffan's Journal

Up betimes in a daze, with my dame trilling roundlays and playing at the mouth harp while Little Adam throw rocks through the windows in hilarity over our "Omelette" fetching seven ribbons, a silver pickle dish and two percolators at the doggie feast. Albeit when we serve the posch pickles in her fancy dish she did decline them graciously, so mightily worried, and call Lord and Lady Learmont, who sold us the pup, and Sir Sidnap Robertson, who showed her, and they both say she will eat pickles heartily as soon as her tonics are removed. So to town, quite content.

Would You Like to Own One?

An Airplane to Carry on Your Back

This baby airplane—its owner lifts it up on his back—foretells the day when there will be INDIVIDUAL FLYING FOR EVERYBODY.

The man in this picture is Jerry Dock, lifting on his back his "Baby Airplane, No. 7 Power."

Many a young American will wish he had such a machine as this, to go sailing up into the clouds or, better still, hurrying off to see and surprise the young lady whom he honors with his devotion.

This plane, promising individual flying for everybody, weighs only 320 pounds, all told. It can go more than 84 miles an hour. On one gallon of gasoline it goes more than 55 miles. The width of the wings is 16 feet. The length of the machine is 14 feet 3 inches.

In a machine like this, if it would stand the journey, a man might fly around the world at an expense of about \$150 for gasoline and oil.

Someday, with greater engine efficiency, lighter and stronger construction, such travel will be possible. A machine of this kind, as far as the cost of oil and gas is concerned, would take a man from New York to San Francisco for about \$25.

Millions of those now living will see regular flying trips across the ocean as commonplace as any automobile trip. And children now in the schools will live to pick out their building lots on "convenient, near-by" hilltops, two or three hundred miles from the city, suitable for airplane landing. That's coming.

Why Not Praise America?

The British Praise Their Country. And We Respect Them for It.

Be sure!

that it says

'Made in England'

Above is such wording as you will see in a thousand British advertisements. You ought to see the same thought in a thousand American advertisements. But you don't.

You respect a man proud of his own family and friends, always speaking well of them and proud of his own country.

What is the matter with some of our Americans that we seem to take so little pride in our OWN country's products?

You see here in big type the wording that you may read in many different advertisements published in Great Britain.

"Be sure that it says, 'Made in England.'"

No matter what it is, if a Britisher has it for sale, and if he possibly CAN, he will add to his announcement the words, "British Made," or, "Made in England." He knows that is the BEST recommendation with Britishers.

The British, PROUD of their work, have sense enough to know that every English workman is helped when all the other British praise his work, extol it, demand it, and BRAG about it.

Wouldn't it be a good thing for the United States if some of our business men, merchants and others should suddenly make the discovery that after all we know how to do some things here?

Isn't there a little too much of the "guaranteed made in England" about American merchandising?

Of course a man may say what he likes about his own goods. If the merchant knows that the American buyer is foolish enough to WANT British made goods you can hardly blame him for saying, "These are British made."

But shouldn't the buyer want his money spent to help American workmen?

An occasional statement such as, "THIS IS MADE 100 PER CENT. IN AMERICA," might help the United States, its business, industry and workmen.

The British advertiser whose words are reproduced above admits to them, "We put 'Made in England' on our goods for YOUR protection."

Let Americans try that. Let us try to persuade ourselves that "Made in America" means something worth while. It means that men living in America and working in America get the wages represented in the purchase money.

WHERE ARE THE LAMB STEWS OF YESTER-DAY?

MEDBURY SAYS—

By John P. Medbury

CLAYLAND man has just invented a new kind of mouse to be worn by married men who talk in their sleep.

EVERY husband has been looking for some sort of device that will help him keep his mouth shut at night.

SOME men talk so much in their sleep that they're afraid to go to bed.

ONE man has stayed awake four years in order to keep a secret.

IT looks as though hell have to break his jaw in order to get some rest.

IN nine out of ten divorces it is the wife who goes to sleep last.

NO matter what time she goes to bed, she lies there for a couple of hours and listens.

ONE woman had a husband who snored so much that she couldn't hear what he was saying.

SHE finally divorced him on the grounds of snoring.

ANOTHER dame sued her husband for cruelty. She told the judge that he whispered in her sleep.

SHE was a nervous wreck by morning, trying to listen to what he was saying.

THE court refused him to talk louder or keep his mouth shut altogether.

MEDITATIONS
OF A WIFE

By Helen Rowland

YOU can't judge a man's age by the size of his dinner clock or by his tip to the waiter. You can't judge a man's age by the color of his hair or the number of candles on his birthday cake.

Every man has his secret. Some only, which gives him a thrill of virtue and justifies him, in his own eyes, for all his other follies and profligacies.

Many a man who spends more than half his salary on gin and olive trees, and on garrets with a view to the sea, and on green bottles at the sight of a wasted dillpickle or a forgotten aspic.

Many a man who cannot pass a beggar without dropping something into his hat, and would give away his last pair of shoes, and draw a hard bargain with his chamber woman and beat his landlady down.

A man who could not think of offering his friends anything less than a fifty-cent cigar, will send out and light his own Corona-Corona with a couple of place papers, just to save a match.

A man may bring his wife home a new necklace or a diamond bracelet tonight—and tomorrow night, rage around the house like a demon, and fearfully long-bowling, he may leave the hall light burning, and twenty cents worth of electricity has been "wasted."

MIND SHOULD EVER BE KEPT OPEN

By DR. FRANK CRANE

THE thriving plant is the plant that is growing. It is the movement of sap within the wood fibers that keeps it strong and resilient.

When growth has ceased and sap has departed, as in the fall of the year, the leaves grow brittle and hard and any gust of wind is liable to shake them off.

So we should beware of becoming too set in our ways, of adopting opinions that have no growth in them. Our minds should always be kept open.

It is something like this that caused the poet Tennyson to say:

"There lives more faith in honest doubt, Believe me, than in half the creeds."

We are always looking for stability. We are expecting to retire with our fortunes after our efforts have ceased.

The best stability is found in growth. The strongest man is the man who is coming, not the man who has got there.

Robert Louis Stevenson said somewhere that the true destiny of mankind is not to arrive, but to travel.

And John Fiske said that the "essential nature of man is his improvidence."

We should welcome heresy and directions of opinion because they are evidences of vitality. When no new questions or beliefs or opinions are they are accepted as settled and solid, they are apt to become dry and fixed. In this condition they are brittle, and the slightest shock may easily break them.

Opinions that are formed in the arena of conflict and that are constantly attacked are apt to be tougher and have more life in them.

We should remember that the thriving plant is the plant that is growing and on its way up to maturity. It is not the plant that is finished and from which the sap has departed.

So the strongest men are those that are on their way up to maturity. So long as the forces of youth are active in us they lend vigor to our arms and to our minds. When those forces of youth begin to disappear we fall back upon convention and custom and our minds are more brittle.

(Copyright, 1925, by the McTear Newspaper Syndicate.)

SCIENCE, BUSINESS AND MORALITY

By Garrett P. Servis

THOMAS A. EDISON is right in calling for more moral training and instruction for our children. It is for taking the Ten Commandments, and the Sermon on the Mount, and the Golden Rule, and making them their own.

So should everybody be who has the good of his fellowman at heart. Science and the method of science are not the enemy of morality.

Science is the method of finding out what is true, and what is false, and what is good, and what is bad, and what is right, and what is wrong, and what is just, and what is unjust, and what is fair, and what is unfair, and what is honest, and what is dishonest, and what is brave, and what is cowardly, and what is noble, and what is base, and what is pure, and what is impure, and what is clean, and what is dirty, and what is good, and what is bad, and what is right, and what is wrong, and what is just, and what is unjust, and what is fair, and what is unfair, and what is honest, and what is dishonest, and what is brave, and what is cowardly, and what is noble, and what is base, and what is pure, and what is impure, and what is clean, and what is dirty, and what is good, and what is bad, and what is right, and what is wrong, and what is just, and what is unjust, and what is fair, and what is unfair, and what is honest, and what is dishonest, and what is brave, and what is cowardly, and what is noble, and what is base, and what is pure, and what is impure, and what is clean, and what is dirty, and what is good, and what is bad, and what is right, and what is wrong, and what is just, and what is unjust, and what is fair, and what is unfair, and what is honest, and what is dishonest, and what is brave, and what is cowardly, and what is noble, and what is base, and what is pure, and what is impure, and what is clean, and what is dirty, and what is good, and what is bad, and what is right, and what is wrong, and what is just, and what is unjust, and what is fair, and what is unfair, and what is honest, and what is dishonest, and what is brave, and what is cowardly, and what is noble, and what is base, and what is pure, and what is impure, and what is clean, and what is dirty, and what is good, and what is bad, and what is right, and what is wrong, and what is just, and what is unjust, and what is fair, and what is unfair, and what is honest, and what is dishonest, and what is brave, and what is cowardly, and what is noble, and what is base, and what is pure, and what is impure, and what is clean, and what is dirty, and what is good, and what is bad, and what is right, and what is wrong, and what is just, and what is unjust, and what is fair, and what is unfair, and what is honest, and what is dishonest, and what is brave, and what is cowardly, and what is noble, and what is base, and what is pure, and what is impure, and what is clean, and what is dirty, and what is good, and what is bad, and what is right, and what is wrong, and what is
